GARFIELD TO ISSUE ULTIMATUM  
TO THE STRIKING COAL MINERSARTILERY GENIUS  
AND MEXICAN REBEL  
ANGELES IS EXECUTEDIs Man Who Brought French  
'75' To High Stage of Per-  
fection And Saved FranceFaces Accusers With A Smile  
During Last Moments Before  
His Execution.Sought Peace Before Mexico  
Was "Called to Account"Cast Lot With Madero and Later  
Was Banished From Country

(By Associated Press)

El Paso, Texas, November 26.—General Felipe Angeles, Mexican revolutionary leader and famed "throughout the world as a military genius," was executed by a Carranza firing squad at Chihuahua City early today, following his conviction with two companions on charges of rebellion against the Mexican Government, according to a telegraphic report from Chihuahua City this morning.

General Angeles was sentenced to death by four Carranza generals late last night and immediately taken to await execution, which was set for seven o'clock today.

General Angeles was entirely unmoved apparently when sentence was passed. Throughout the trial the military leader, famous among military men of the world as the man who brought the French 75-millimeter gun to perfection and made it admittedly the best piece of artillery ordnance in the world, had presented a smiling countenance to his accusers.

## Artillery Leader.

General Felipe Angeles was classed, before the great war, as one of the world's foremost artillerymen. He had attained considerable fame as an artillery commander in the Mexican army under the long regime of President Diaz and cast his fortune with Francisco I. Madero in the revolution by which Madero seized the Mexican presidency. Subsequently General Angeles enlisted his skill in support of the cause of Francisco Villa against the Carranza government and was credited with planning many of the battles Villa won.

Both friends and enemies of General Angeles have declared that he was an unselfish patriot and that his hope was to bring about peace in Mexico.

He was successively student, instructor and director of the Mexican Military College, Chapultepec, and an author of several textbooks not all of which dealt with military matters.

After Villa's famous raid upon Columbus, New Mexico, Angeles went to the United States and remained there for about two years.

## Wanted Peace

He returned to Mexico in November 1918 expressing the hope that he might unite the scattered revolutionary factions into a compact unit and pacify that country "before it was called to account." He accompanied Villa in the attack on Juarez, June 15, 1919 when American troops crossed the Rio Grande and dispersed the revolutionists. After this incident he appealed to the United States military authorities in the name of the "fellowship which exists among military men" to define the attitude of the United States toward Mexican revolutionists but the United States authorities declined to communicate with him on the ground that he did not represent the Mexican government.

As evidence that General Angeles was prompted by desire to promote peace in Mexico it has been said that Villa's payroll which was among the papers taken in the attack on Juarez showed that while Villa's brother, Hipolito, was credited with drawing \$20,000, Angeles' name was on the list at \$20.

Angeles was born in the town of Zacualtipan, in the state of Hidalgo, June 13, 1869. His wife and three sons lived in El Paso, Texas during the time he was in the field with Villa.

ANGELES DIES  
WITHOUT TREMOR

(By Associated Press)

Chihuahua City, Mexico, November 26.—General Felipe Angeles, revolutionary leader, was executed at 6:35 a. m. today inside the barracks of the Twenty-first regiment of cavalry by a firing squad.

Many spectators were present. General Angeles died without visible emotion or fear. Frantic appeals for clemency were made by hundreds of friends to President Carranza.

BOLSHEVISM IN  
ABUNDANCE ON  
ELLIS ISLANDU. S. Agent Admits Island For-  
merly 'Forum of Bolshevism'Berkman Refused Permission  
To Go To Mexico.

(By Associated Press.)

New York, November 26.—Byron Uhl, acting commissioner of immigration at Ellis Island admitted today to the House Immigration Committee investigating conditions here that privileges had been granted during the regime of former commissioner F. C. Howe which, if unchecked, might have led to the establishment of a "Forum of Bolshevism" on the island.

Uhl, appearing before the committee today, made this admission after Chairman Johnson had inquired if under the administration of his predecessor the island was not "a gambling house, bawdy house and a forum of bolshevism."

Representative Johnson announced this afternoon that he had been informed by the Bureau of Immigration that application of Alexander Berkman for permission to go from the United States to Mexico instead of being deported to Russia, had been denied.

## EXPERTS BUSY

(By Associated Press)

New York, November 26.—Expert chemists today began an examination of high explosives found yesterday in the headquarters of Russian workers. An expert from the Bureau of Mines at Washington has been summoned to take charge of the examination.

Joint Session of Miner Repre-  
sentatives And Operators  
Called For Five O'clock.Cabinet Agrees Upon Govern-  
ment Policy And Fuel Ad-  
ministrators Won Point.Increase of 20 to 25 Per Cent  
In Wages Said to Have Been  
Decided Upon.

(By Associated Press.)

Washington, November 26.—A definite and final statement on behalf of the government in the coal wage controversy will be made to the operators late today by Fuel Administrator Garfield.

Final decision was reached by the cabinet at a meeting today, Director Garfield and Secretary Wilson said. The Fuel Administration called a joint session of the operators and miners for five o'clock to receive the decision.

While neither Dr. Garfield nor members of the cabinet would say what the decision was it was reported the Fuel Administrator had won his point for an increase of 20 to 25 percent in miners' wages as against the 31 percent proposed by Secretary Wilson and agreed to by the miners. Dr. Garfield's statement to the miners and operators was expected to be somewhat in the nature of an ultimatum.

The 20 to 25 percent increase was said to be acceptable to the operators but grave doubt was expressed as to whether the miners would approve it. After the cabinet meeting there was a general impression that the operators would be called upon to bear practically all the wage increase.

Thus far the position of the mine union officials was that they could not accept anything less than the original demand for a 60 percent increase in wages and a 30 hour week without the approval of that convention.

Should they hold to this view after the meeting Dr. Garfield said it probably would be several weeks before a final settlement was reached.

COAL SHORTAGE  
HAS REACHED  
GRAVE CRISIS

(By Associated Press.)

Washington, November 26.—Another effort to agree on a basis for computing wage advances to bituminous coal miners was made today by President Wilson's cabinet, while the operators and miners marked time in their negotiations for a new wage scale.

Meantime, so many miners over the country had remained on strike that the coal situation had reached what officials described as a "national crisis."

Steps to meet the situation until something like normal production has been restored were under consideration by the Fuel Administration's central coal committee with an order prohibiting the manufacture of coke designed as the first move in the nation-wide campaign.

STATE, WAR AND NAVY DEPARTMENT PREPARED  
TO DEAL WITH MEXICO IF REPLY UNSATISFACTORYBride Goeth Before  
a Fall

This famous American Bird, which Thursday at least, will be the "Bird of Paradise," is just as popular as ever this year, regardless of the high price which almost places him in the class of luxuries. However, for Thanksgiving Day Mr. Turkey will be King of 'em all for the noontime meal.

MINERS ARE  
ROUNDED UP  
BY SOLDIERSWyoming Is Scene of Serious  
Action To End Strike.Secretary Baker At A Loss To  
Understand Act.

(By Associated Press.)

Sheridan, Wyoming, November 26.—Scores of coal miners who declined to return to work were rounded up by United States soldiers in Carneyville, Wyoming, today and placed on interurban cars for removal to the county jail here.

All other miners in the town were ordered by Major Dean, military commander of Northern Wyoming, to return to work this afternoon.

JUGO-SLAVIA  
AND BULGARIA  
TO SIGN PACT(By Associated Press)  
Paris, November 26.—Plenipotentiaries of Jugo-Slavia will sign the Austrian peace treaty at 5 o'clock this afternoon.

The time for the signing of the Bulgarian peace treaty has been definitely fixed, and the Bulgarian plenipotentiaries will sign at 10:30 o'clock tomorrow.

WILL NOT DELAY  
U. S. DELEGATES

(By Associated Press.)

Paris, November 26.—Any delay which may eventually be found necessary in the exchange of ratifications putting the German treaty into effect will not change the plans of the American peace delegation, it was learned today.

Under Secretary of State Polk and the other delegates will leave Paris the evening of December 5.

WANT TO KNOW  
IF BOATS DRY

(By Associated Press.)

Washington, November 26.—Whether constitutional prohibition will operate to make American passenger vessels dry has been referred to the American Shipping Board legal department for decision.

OFFER WILL  
BE REFUSED  
BY LEADERSSuch is Forecast of Brother-  
hood Conference On Hines'  
Wage Offer.Decision Expected Late Today  
When Meeting Ends.

(By Associated Press)

Cleveland, O., November 26.—A decision was expected late today on Director General Hines' offer of time and one-half for overtime in slow freight service, which was again discussed by the general chairman of the four railroad brotherhoods, in conference here. Indications were that the proposition would be rejected.

Reports from Chicago that the conference was considering a general strike of the brotherhoods to enforce demands for wage increases were denied by the presidents of the brotherhoods of train conductors, firemen and engineers. Warren Stone of the engineers could not be reached.

Strained Relations Between  
Mexico And United States  
Near Breaking Point.State Department Receives No  
Answer to Urgent Demands  
To Release Envoy.Secret Session of the Mexican  
Cabinet is Held Monday.

Washington, November 26.—Although the Mexico City press said the reply of the Mexican government to the American note demanding the release of Wm. Jenkins, American Consular Agent at Puebla, was expected to be handed to the American Embassy yesterday, it has not been received here, the State Department announces.

Because of the urgency of the coal situation it was regarded as doubtful if the cabinet would consider the Mexican situation today.

Delay of the Carranza government has served to increase the dissatisfaction in official circles. According to the State Department the Mexico City press announces that the Mexican Senate at a secret session Monday decided to ask President Carranza for a full statement of the affair.

The strained relations between the United States and Mexico is receiving full consideration and in case of an unfavorable reply the State, War and Navy Departments are prepared to deal with any emergency.

## PINCHING HARD

Chicago, November 26.—Progress today of the national strike of coal miners into the 26th day was without marked developments regarding the situation at the mines themselves.

The gradually decreasing fuel supply, however, forced additional shutting down of plants in the middle west and in some parts of the south the regional coal committees requested all industries which could do so to close from tonight until next Monday morning.

PROSECUTOR IN  
ROSS SAYS HE  
WILL CALL HALT

(Special to The Herald)

Chillicothe, November 26.—County Prosecutor John Phillips, Jr., today issued a statement in which he announced his intention of waging relentless war upon gambling of all kinds in Chillicothe and Ross county.

The ban includes all of the usual forms of gambling, as well as punch boards and all games of chance.

## VOTE IS TAKEN

Cleveland, O., November 26.—The 500 general chairmen of the four railroad brotherhoods in conference here took a vote on the offer of Director General Hines granting time and one-half for overtime in slow freight service just before adjourning for lunch. The vote was given to tellers to count and will be announced later this afternoon.

## LARGE CLASS IS INITIATED BY THE MASONS

The season's most notable event in Masonic circles is the regular fall meeting of the Garfield Commandery No. 28, the first session of which was held Tuesday evening.

This work will be followed by a banquet Thursday at six o'clock after which the work will be resumed.

Tuesday evening witnessed the largest single class ever taking the work. The Red Cross and Malta degrees were bestowed upon sixteen candidates: W. N. Hay, Lang Conrad, Harry E. Daugherty, Walter E. Ellis, Charles Phillips, Cary Phillips, Charles Brown, James McChesney, G. D. Baker, George Fabb, W. B. Tooker, James Epp, John York, Foster, John Jamra, C. H. Moore.

The splendid work of the degree staff was highly commended. All ceremonies being in charge of Eminence Commander P. M. Cook.

Delegates and representatives from Greenfield, Hillsboro, Jeffersonville, and several other cities and towns were present for the Tuesday evening work. An even better representation is expected from the neighboring orders on Thursday.

Thursday afternoon at two o'clock the Order of the Temple will be bestowed upon the class of sixteen. Almost the entire afternoon will be consumed with the elaborate and impressive ceremonies surrounding this degree.

## FUNERAL SERVICES MRS. ELMER BURNETT

The funeral services of Mrs. Elmer Burnett, held Tuesday afternoon at the home on North Hinde street, were attended by a large number of sorrowing relatives and friends.

Rev. K. B. Alexander of Grace M. E. Church officiated and the hymns, "Going Down the Valley" and "We'll Never Say Good-bye," were tenderly sung by Miss Daisy Cockerill and Miss Larrimer.

The tribute to Mrs. Burnett both in the minister's talk and in the memoir was very beautiful.

There were a great number of beautiful flowers.

Messrs. Charles and Grover Coll, Thomas and Ernest Bryant, John McNeal and John Albright were pallbearers. Burial was made in the Washington cemetery.

Mrs. M. E. Coll, son Clifford C. of Columbus; Mrs. William Albright, John Albright, daughters Myrtle and Laura, Mr. and Mrs. Thomas Bryant, daughters, Ode, Bertha and Lizzie.

sons, Dennis and Alfred, John McNeal and wife son Ernest and Herbert, daughter Nellie, of near Chillicothe; Mrs. Retta Coll, Mrs. Ran. Grove Coll, Mr. and Mrs. Charles Coll, daughter, Helen, of Dayton; Mr. and Mrs. Cliff Taylor of Chillicothe, Harry Powers sisters Elva, Grace and Helen near Glendon were among relatives and friends here for the services.

### CARD OF THANKS

We desire to express our sincere thanks to all those who assisted us in any way during the sickness and death of our beloved wife and aunt, Mrs. Elmer Burnett. Especially do we thank the neighbors for their beautiful floral tributes, the nurses, the singers, the minister, Rev. Alexander and the Undertaker, Mr. Klexer for the splendid way in which he conducted the funeral.

Husband, Nieces and Nephews.

## SEAT SALE HEAVY GRAPPLERS READY

Very few seats were left Wednesday noon for the wrestling bouts at the Armory Wednesday evening when Matty Matsuda, the clever Jap wrestler will attempt to throw Joe Varga, from Portsmouth, and Walter Hamilton, of Columbus, and Bill Brooks, the local man mix for a few minutes. The advance seat sale is the largest of any bout.

Both men are in fine condition, and the match between the headliners promises to be a long and hard fought contest.

## DISMISS SCHOOL WEDNESDAY NOON

All the schools of the city were dismissed at noon Wednesday because of the inclement weather. Many youngsters were prevented attending the forenoon session because of the condition of the streets due to the heavy rainfall and it was deemed best not to bring the children back for the short period in the afternoon.

## HEAVY RAINFALL DURING 36 HOURS

Up to one o'clock Wednesday afternoon the total rainfall for the last thirty-six hours was 2.33 inches, a most unusually heavy rainfall for this time of the year. The figures were given out by William Arthur, official weather observer at this point.

The rain continued to fall during the afternoon and indications were that the total rainfall for the day would exceed two inches.

NO HERALD ON THANKSGIVING.

## ADMIRAL MILLO HAS RESIGNED

(By Associated Press)

Rome, November 26. — Rear Admiral Enrico Millo, who has acted as governor of Dalmatia as well as commander of the occupation forces of that country, has resigned the former office. The Admiral recently has taken a prominent part in developments along the Dalmatian coast and is said to have sworn allegiance to D'Annunzio.

## COMR CMISE BELIEVED NEAR

(By Associated Press)

London, November 26. — Considerable improvement in the Adriatic situation is reported here as result of conversations in Paris. The latest indications are there is a possibility of a compromise settlement to all parties, including Captain D'Annunzio.

## BAKER SURPRISED

(By Associated Press)

Washington, November 26. — Secretary Baker said this afternoon that it was "inconceivable" that an army officer would order the arrest of coal miners for their failure to report to work as reported from Wyoming.

He added that he could take no action until he had received an official report.

## M'ADOO AGAIN MAKES CHARGE

(By Associated Press)

New York, November 26. — Bituminous coal operators were accused of obscuring the issue and again challenging to produce their income tax returns by former Secretary of the Treasury McAdoo in a formal answer today to their telegram criticising his earlier statement that they made "shocking and indefensible profits in 1917" and should not be allowed to increase prices of coal.

## FAYETTE MEN WILL ATTEND

Friday and Saturday of this week the Western Ohio Superintendent's Round Table will be held in Dayton. Superintendents from all of western Ohio will be in attendance at the semi-annual event.

Superintendent of the rural and village schools O. S. Nelson and P. G. Merenda, Principle of the Good Hope school will attend from this county.

### CARD OF THANKS.

We desire to express our most sincere thanks to our friends and neighbors for the kindness and sympathy shown during the illness and death of our dear wife and mother. Also to Rev. Alexander for his comforting words.

T. B. CHENOWETH AND CHILDREN.

NO HERALD ON THANKSGIVING.

## The Thanksgiving Message

Again the season of Thanksgiving is here, and the Thanksgiving spirit calls to each one of us to pause in our busy lives to "count our marcies."

Nationally the Thanksgiving of 1919 is less joyous than was the Thanksgiving of 1918, following as it did so closely upon the signing of the armistice.

A year ago the message of Thanksgiving throbbed through the nation—a great wave of gratitude that rose to the flood tide with the ending of the tension and anxiety in which our land had so long been enveloped.

The Thanksgiving of 1919 is hedged around with the difficulties of reconstruction days. The fabric of our national life is torn with industrial strife; the obsessions of economics, the surge of unrest and, technically, we are still at war with Germany.

But outside of this national upheaval—the natural sequence to the spirit of hate and blood-thirst which springs into existence in every war and leaves its dark shadow in the days to follow—the people have every reason for thankfulness.

Material prosperity floods our land and has not been checked by the stop-gates of labor's ceaseless unrest. The season's crops have been safely garnered, there is no spectre of famine on the horizon and there is freedom from the deadly epidemics which darkened many of our homes on last Thanksgiving day.

And, when it comes to the individual, surrounded by blessings so taken for granted that it is only by taking time to enumerate them that their great number is realized, the day may well be one to call forth paeons of praise.

In the same spirit which caused the Pilgrims, on New England's rock-bound coast, in the midst of hardships undreamed of today, to turn from prayer and fasting to praise and thanksgiving, both nationally and individually the people of the United States may well pour out their gratitude on Thanksgiving day, knowing that, no matter what there is of menace in these reconstruction days, "God's in his heaven, all's right with the world."

## Economy No Consideration

With many of the hard details of the plan, devised by the Joint Taxation Committee of the General Assembly of Ohio, known to the public, with the members of that committee and members of the General Assembly justifying the tremendous increase recommended, in the program, by the absolute necessity to increase tax receipts to meet necessary expenditures, with the state auditor "dipping into" special funds, according to his own statement, to meet general expenses the taxpayers of the state are not accepting with any great enthusiasm some of the costly new machines created by legislative enactment, just recently becoming effective.

One of the most striking increases in the high cost of living in the State of Ohio is the new County Health Board law. The great, state controlled, machine for which it provides is just now being erected and an emphatic disapproval is being proclaimed far and wide by the people of the state.

The new machine provides for annual expenditures, locally borne, of nearly a million and a quarter dollars, while the old machine cost something like one quarter of one million dollars annually—an increase of a million dollars each year.

With the need for raising money so urgent as to justify the tremendous increase in the tax burden recommended the people can't just see the practical worth of the new health machine.

The law makers and the money spenders seemed to go right ahead with their disbursements, giving no thought save how to raise the money. There seems no difficulty in adding to the expenditures, but to cut down present or recommended expenditures seems a mystery which the law makers can't solve.

Here in Fayette county the health law machine will cost about fifty cents each year for every man, woman and child. The local people have nothing to do save raise the money. The state directs the construction of the machine and places a minimum on cost.

The people of almost every rural county in the state are emphatically denouncing the new law, and justly so.

## POETRY FOR TODAY

## "MAN-CHILD GLORIOUS"

I wrote the past in characters  
Of rock and fire the scroll.  
The building in the coral sea,  
The planting of the coal.

And thefts from satellites and rings,  
And broken stars I drew.  
And out of spent and aged things  
I formed the world anew.

But he, the man-child glorious,  
Where carries he the while?  
The rainbow shines his harbinger,  
The sunset gleams his smile.

I tire of globes and races,  
Too long the game is played;  
What without him is summer's pomp,  
Or winter's frozen shade?

Twice I have molded an image,  
And thrice outstretched my hand,  
Made one of day, and one of night,  
And one of the salt seas and.

One in a Judean manger,  
And one by Avon stream,  
One over against the mouths of Nile,  
And one in the Academe.

I moulded kings and saviors,  
And bards o'er kings to rule;  
But fell the stately influence short,  
The cup was never full.

Yet whirl the glowing wheels once  
more,  
And mix the bowl again;  
Seethe, Fate! the ancient elements,  
Heat, cold, wet, dry, and peace, and pain.

Let war and trade and creeds and song  
Blend, ripen race on race,  
The sunburnt world a man shall breed  
Of all the zones and countless days.  
—Ralph Waldo Emerson in "Song of Nature."

Preparedness today is cheaper  
than sorrow tomorrow.

## COPPER-CLAD WEEK

WEEK OF DEC. 8-13

ALL WEEK

A Handsome Range

Where real beauty is the test, the Copper-Clad is always chosen and especially if the choice is made by the woman who is to use the range. Men may be attracted by fancy ornaments that catch and hold dirt, but the ladies know how hard such ranges are to keep clean. They take the Copper-Clad every time.

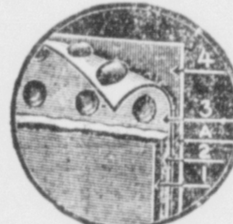

A solid ebony body framed in silver nickel—a picture—a dream in elegance and design—a thing of beauty.

The Copper-Clad back view is made of malleable iron, all in one piece, and will not crack, break nor rust out. It adds 10 years to the life of a range.

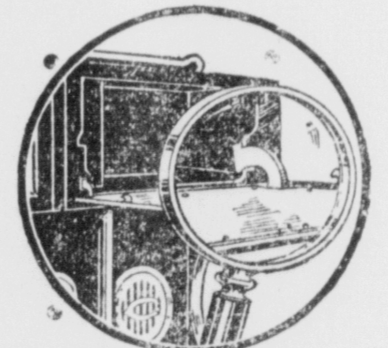

Notice this patented shift on the Copper-Clad Reservoir. When the water in the reservoir gets too hot you twist the lever and shift from the heat.

Four Walls

The Copper Lining between the sweaty asbestos and Alleghany Iron Walls prevents rusting and makes the Copper-Clad Range last years longer than any other range.

Here is a close-up view of the Copper-Clad Invisible Hinges. Are not seen when doors are closed. No dirt catching devices. Strongest hinge known.

## FREE ALUMINUM WARE

Each buyer of a Copper-Clad Range next week will receive free of any cost a set of heavy aluminum ware—with the compliments of the manufacturers.

Come and see the Copper-Clad Range and see this ware. Note that it is not a lot of thin, light pieces of no particular service, but that every piece is usable and is the pure aluminum that lasts years longer than the usual kind.

If you can use a Copper-Clad Range in the next year—come next week and secure this free ware at the manufacturer's expense. Money saved is money made.

## The Four Walled Copper-Lined Malleable Range

No Other Range is Clad With Real Copper That Never Rusts

Count the Walls—1, 2, 3, 4  
One of Pure Copper.

First is the outer wall of Alleghany iron, second the pure copper wall, third the thick asbestos wall, fourth the warpless gray iron wall that clamps the asbestos to place and never burns out.

## Why Not One Thick Wall?

Because such walls waste too much heat by radiation. Asbestos does not radiate and waste the heat, but it does "sweat" as it cools off.

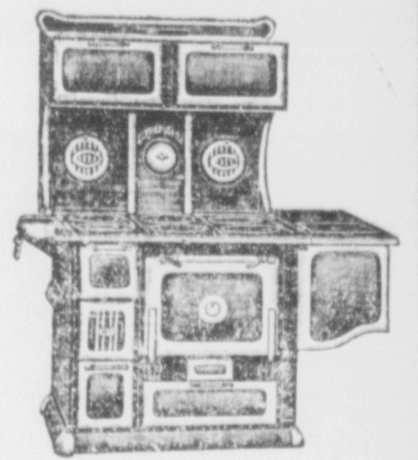

For long years no one understood why malleable ranges rusted out from the inside. No one thought of asbestos sweating—but it does, and to separate the outer wall (body of Range) from the sweaty asbestos was necessary.

Separate with something that will never rust. "Copper is the thing," said the originator of the Copper-Clad Range. So between the asbestos and outer wall he put a sheet of pure copper—and not one Copper-Clad Range has ever rusted out.

This Copper Wall saves the price of a new range every 10 years, and while it costs much more to make, it is well worth the money. The Copper-Clad Range is conceded the best range made anywhere at any price.

## Ford Hardware Co.

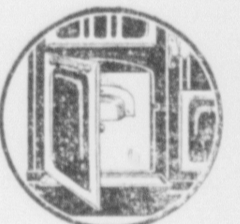

Washington C. H.

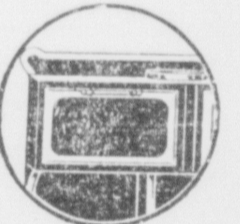

A Cooking Machine

A machine that does the same thing the same way every time—machine-like. So with the Copper-Clad Range. It can be depended upon to do perfect work every time. It cooks as good as it looks—and because of the Copper lining at rust points, outlasts two or three ordinary ranges.

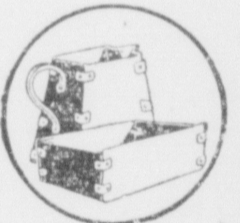

The above is the cabinet style that sets up well off the floor on a special base. At the left is the leg style.

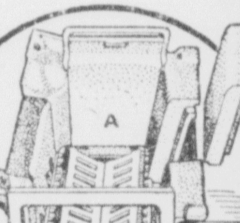

The ash pan sets inside the ash pit, which is closed by a double walled door. No spilling of ashes. Take out ash pan any time without affecting your fire.

Study this Warming Closet door. No bolts, catches nor hinges on the outside. Two walls of double thermos doors.

Think of cleaning dishes that were bolted together like these. Yet, you clean ranges full of bolt heads, catches, hooks, hinges and latches. Copper-Clad Ranges are free of all these dirt catchers.

An Adjustable Fire Box

The Copper-Clad firebox is adjusted by taking out the fire plate A, which adds much to the length of the fire box and takes a very long stick. When you change fuel, simply drop the plate in place, that's all.

## FORBID PHONE RATE INCREASE

Columbus, Ohio. November 26.

Declaring an emergency exists, the public utilities commission yesterday issued a blanket order, prohibiting all telephone companies operating in Ohio from increasing their rates Dec. 1, when the Burleson-fixed rates end. Companies which have filed rates in advance of those fixed by Burleson, or who may contemplate doing so, are forbidden to charge them. The commission names the Burleson rates as the maximum which may be charged, adding, however, that com-

panies which did not get increases under government control are not now to boost their rates to the Burleson scale.

The commission said the govern-

## RANDOM NOTES

### SOCIAL : PERSONAL MENTION : CLUBS

The Wesley Chapel Mite Society met at the home of Mrs. E. A. McCoy, Tuesday afternoon, twenty members answered to roll call and several visitors were present.

There was a very interesting meeting in the recounting by members of the way in which they had earned the money for the collection, which amounted to \$14.00.

Miss Helen Lemons gave a beautiful reading, and Victrola music was much enjoyed.

Assisting Mrs. McCoy as hostesses were Mesdames Urcel Hays, Orr, Mills, Perrill and Miss Myrtle McCoy.

The serving of a dainty refectory and a delightful social time brought the afternoon to a close.

The old proverb, "The darkest hour is just before day" verified itself once again Tuesday afternoon when a cultured musical audience waited over an hour for the artists who were to give the first of the trio of artists recitals presented by the Cecilians, to be richly repaid for the waiting.

It was the old story of a puncture and detours, but the women, assembled at the Federated Club rooms could only wonder and, with anticipation chilled, were just about to "break up the meeting" when Mrs. D. S. Craig, Cecilian President, gave out the welcome announcement that the singer and pianist had arrived and the concert would be given regardless of the late hour.

The auto trip from Columbus, had been one of much inconvenience, with incessant rain, but the artists showed no sign of fatigue and the program was one of the most delightful among many placed to the Cecilian record.

Mrs. Margaret Crawford has a powerful contralto voice, of much beauty and sweetness and is a singer of resonance, sustaining power, and dramatic quality, punctuating her songs as a painter would color her canvas. Her program was charming, including a number of character songs, in which she is especially good, and showing her operatic and oratorio style admirably.

Mrs. Helen Pugh Alcorn, widely known pianist, who spent several years in study across the water, proved her superb mastery of technique in a number of very beautiful and difficult compositions. Her style is one of exceptional brilliancy.

The accompanist, Miss Ruth Heizer, was excellent.

A gay masquerade, a hot, delicious oyster supper and the pleasure of congenial lodge affiliation combined in making the aftermath of the regular meeting of the Pythian Sisters at the Castle Tuesday night unusually enjoyable.

There were a large number of maskers and after the fun of the masquerade the Knights of Pythias complimented the Pythian Sisters in giving the oyster supper.

The Degree Staff presented Miss Emma Wilson, Captain of the Staff, with a cut glass sugar and cream and to this gift Mrs. Frank Bending added sugar tongs. The Staff is deeply appreciative of Miss Wilson's fine training, which showed in the recent District Contest for the cup.

The committee in charge of the oyster supper was composed of Mr. John Higley, Chairman, Dr. P. E. Decatur and Mr. William Kerns.

Mrs. Henry Sparks delightfully entertained her Sunday School Class of little girls Tuesday afternoon.

A number of merry games were enjoyed, of which the tight rope walking stunt was especially popular.

Dainty refreshments were served, the hostess assisted by Misses Dorothy Briggs and Margaret Christopher.

There are always a number of people who are glad to have special diversion on the evening of a holiday and "Ye Olde Time Concert" to be given at the First Presbyterian church Thanksgiving night provides an entertainment particularly suited to the season.

The old songs that will never lose their popularity will be given in "Ye Olde Time Costumes and the concert will have a special charm all its own.

Mr. and Mrs. M. E. Hitchcock entertained Tuesday evening with a delightful dinner, marked by an entire absence of formality.

It was a turkey dinner with all the accessories of the Thanksgiving season and bitter sweet and turkey place cards used in decoration.

The Eastern Star of New Holland held a successful Bazaar, Tuesday night and cleared ninety dollars towards a player piano.

The Masonic Hall, brightly decorated was converted into a lively scene of buying and selling, with booths for candy, eatables and a fortune telling booth that was well patronized. A regular supper and an excellent one was served in the banquet hall.

Those in charge were Mrs. O. J. Moon, Worthy Matron, Mesdames Frank Gooley, R. A. Morgan, J. W. Jeffries, A. W. Kirk, Misses Lillie and Jane Briggs.

The women of the W. R. C. have added another successful supper, to their already long list of public entertainments besides a nice sum to the fund, for the Christmas baskets.

It was a chicken pie supper with all the accompanying delicacies, served by the women themselves who spared no effort.

The Young Woman's Home Missionary Society of Grace Church met with Mrs. Ethel Riber on Monday evening with a goodly number of interested young women present. By unanimous vote they decided to work for a deserving student in one of the industrial schools of the W. H. M. S.

The study of Americanization was taken up with much pleasure and profit. Every one present took part in the study and the result was a better appreciation of the Jugo-Slavs and the Czech-Slavs, who have endured persecution from the Austrians that Charles Brooks says would make savages of us Americans. Our slavonic work is conducted at Gary Indiana and in the mining regions of Pennsylvania.

There was also some discussion of the Assimilative process of America as composed with subjugation, adjustment and other humane methods of the old world. America is not a melting pot, it is more human, more divine.

An invitation from Mrs. Alexander for the December meeting was gladly accepted. Light refreshments were served giving opportunity to meet the charming guests of the evening, Misses Freyman, Hempstead, Bushong and Rowe.

Thanks for a delightful meeting are due to the hostesses Mesdames Riber and Blessing, Miss Margaret Johnson. The meeting of the Browning Club, Tuesday evening was in charge of the Literature Department, Mrs. Carpenter, Chairman.

A program that was unusual was presented. Mrs. Carpenter had rearranged and abbreviated the French short story, "If I Were King" dramatizing it in three short scenes. The first of these was read by Miss Esther Leland, the other two by Mrs. Carpenter. She had worked out the triangle plan in arranging the play, and the action was quick and intense. The closing scene was a splendid climax and the ending one of triumph.

The music of the evening consisted of a piano solo beautifully rendered by Virginia Ellies, and the singing of the French National Anthem by the little French girl, Rene Gofon, which was especially appropriate for the occasion.

The last number on the program was the reading of a French short story, "The Confession" by Mrs. McFadden. The story was written by Guy De Maupassant. Mrs. McFadden was at her best in this type of story, and it was given with wonderful feeling and sympathy appreciation.

Robert and John Jefferson, of Bloomingburg, Robert Johnson and Robert Reardon, who are students at Ohio State University, are spending the vacation, at their homes.

Miss June Lampe, who is attending the University, of Cincinnati and Miss Lois Lampe who is teaching Domestic Science in the High School at Waverly, are spending Thanksgiving with their parents, Mr. and Mrs. Fred Lampe near Jeffersonville.

Mr. and Mrs. Frank E. Haines and daughter, Beata, were guests of Mr. and Mrs. W. L. Barr, in Greenfield the first of the week.

Mr. and Mrs. Robert Schenck, of Dayton, are Thanksgiving guests of Mrs. Schenck's grand-mother, Mrs. Mary Patton.

Mr. James Morrow returned the first of the week to his home in Waukegan, Ill. Mrs. Morrow remained for a longer stay with her sister, Miss Bess Shoop and accompanied her to Columbus, Wednesday to spend Thanksgiving with their brother, Mr. L. C. Shoop, and family.

## APPEALS COURT RENDERS DECISION

The Fayette Court of Appeals has rendered a decision in the case of G. O. Compton against Irene Compton. The original action was one in partition and the controverted question arose on distribution.

A claim was made that Wert Compton, one of the heirs should be chargeable with the amount of two notes which his mother, the decedent, paid as surety. One note was for \$60 and interest and the other amounts to \$100 and interest. The defendant conceded the right to deduct \$60 note but disputed the right to deduct the \$100 note because prior to the death of his mother the claim was barred by the statute of limitations.

Evidence showing that the decedent paid the \$100 note several years prior to her death, the decision of the court is that the claim upon the \$100 note not be allowed and that the \$60 note with interest should be deducted from the share of Wert Compton on distribution. It is further decreed that the taxable costs of the litigation should be paid out of the entire fund.

Post & Reid and Gregg, Patton and Gregg for plaintiff, and Maddox and Maddox for defendant.

## LAST REPORTS

Latest reports coming in from the rural and village schools are Jeffersonville, \$171.00 and Madison Mills, \$4.00. These amounts boost the total to \$566.00.

With but one or two schools yet to be heard from the drive is virtually at end.

## MRS. HIRAM FRIEND IS LAID TO REST

Following funeral services held at the home in Summit Hill, all that was mortal of Mrs. Hiram Friend was brought to Bloomingburg on the afternoon train Tuesday and laid to rest, with brief services at the grave in the Bloomingburg cemetery.

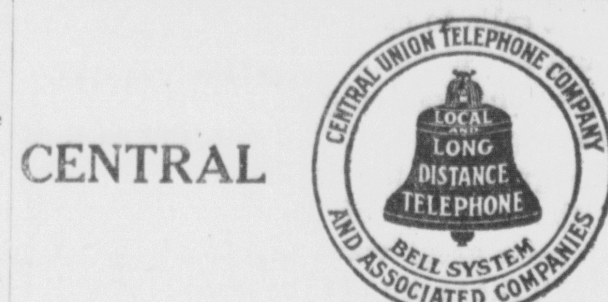

The sad little party accompanying the body included daughters and sons, Mrs. William E. Miller, Mrs. R. C. Teft, of this city; Mrs. Lee Teft of Milledgeville; Mrs. Grove Osborn and Mrs. Dan Wipert, of Summit Hill, Joseph and Walter of Summit, Ezra, of Blanchester, Michael, of Mansfield, and many grand children and great grand children.

The pall-bearers were the sons and the sons-in-law.

A number of the old friends of that community met the family for the burial.

## A Real Feature

SEALED—That's the best way we know to express the construction of the top cover of a U S L Battery. It is sealed in such a way that it is impossible for the liquid contents of the battery slopping or leaking out.

It is difficult to tell about this construction, but a look at a cross section of the top cover and terminal post will readily show how the compound is embedded in the deep threaded grooves around the post. You should see this and know its advantages before you buy any battery.

## MARY PICKFORD STARS IN "THE HOODLUM"

The Wonderland theater has secured one of the big special film attractions of the season for Thanksgiving in "The Hoodlum." Mary Pickford's greatest character play and the second picture from her own studios.

"The Hoodlum" was shown for the first of a three days engagement, Wednesday and is one of the snappiest, most entertaining and laughable photo plays that Washington audiences have ever enjoyed.

"Little Mary" in the part of Amy Burke, goes from flunkied luxury to be gang chief of the alley throng and the romance of a spoiled heiress who dropped through the coal chute to the joy of living furnishes Mary the greatest character role she has yet had. She is first seen as a spoiled granddaughter of the very wealthy Alexander Guthrie and gives up six maids, two chauffeurs, several fancy-built roadsters and all the luxuries of great wealth to live with her poor father on the "East Side," and finds that life with its fun, hardships and emotions is far more developed among the poor than among her wealthy set.

As Amy Burke, Miss Pickford becomes a professor in crap-shooting, the Conductor of the Hardy Gurdy, a chambermaid for bums and finally discovers a hero who exactly fits her ideal of a husband.

There isn't a slow moment in the play, and both grown-ups and children enjoy it equally.

## WANT POSTMASTER AT MADISON MILLS

The United States Civil Service Commission has announced an examination to be held at Washington C. H. Ohio on December 13, 1919, as a result of which it is expected to make certification to fill a contemplated vacancy in the position of fourth-class postmaster at Madison Mills and other vacancies as they may occur at that office, unless it shall be decided in the interests of the service to fill any vacancy by reinstatement. The compensation of the postmaster at this office was \$244 for the last fiscal year.

Applicants must have reached their twenty-first birthday on the date of the examination, with the exception that in a State where women are declared by statute to be at full age for all purposes at eighteen years, women eighteen years of age on the date of the examination will be admitted.

Applicants must reside within the territory supplied by the post office for which the examination is announced.

## PICTURES AT Y. M. C. A. ON THANKSGIVING DAY

Thanksgiving evening at the Y. M. C. A. will be celebrated by a picture show for the younger members. Three high class films have been ordered for the entertainment.

The pictures are, "The Sheriff's Blunder," featuring Tom Mix, "The Champion," with Charlie Chaplin, and "The Squealer," with William S. Hart in the leading role.

In order that plenty of seating capacity may be insured for every one the gymnasium will be fitted for the show. Music will be provided and a real treat is assured the youngsters.

The program will start promptly at 7:15. Every boy is invited and is welcome to attend on Thanksgiving evening.

## CARRY MACHINERY MADE IN AMERICA

(By Associated Press)  
Mexico City, November 12.—(By Mail)—Two trains bearing American-made farm machinery are now touring the republic demonstrating modern methods of agriculture. The tour is being conducted under the supervision of the government.

It Pays to Advertise—Try It.

## MOTHERS, DO THIS—

When the Children Cough,  
Rub Musterole on Throats  
and Chests

No telling how soon the symptoms may develop into croup, or worse. And then's when you're glad you have a jar of Musterole at hand to give prompt, sure relief. It does not blister.

As first aid and a certain remedy, Musterole is excellent. Thousands of mothers know it. You should keep a jar in the house, ready for instant use.

It is the remedy for adults, too. Relieves sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of back or joints, sprains, sore muscles, chilblains, frosted feet and colds of the chest (it often prevents pneumonia). 30c and 60c jars; hospital size \$2.50.

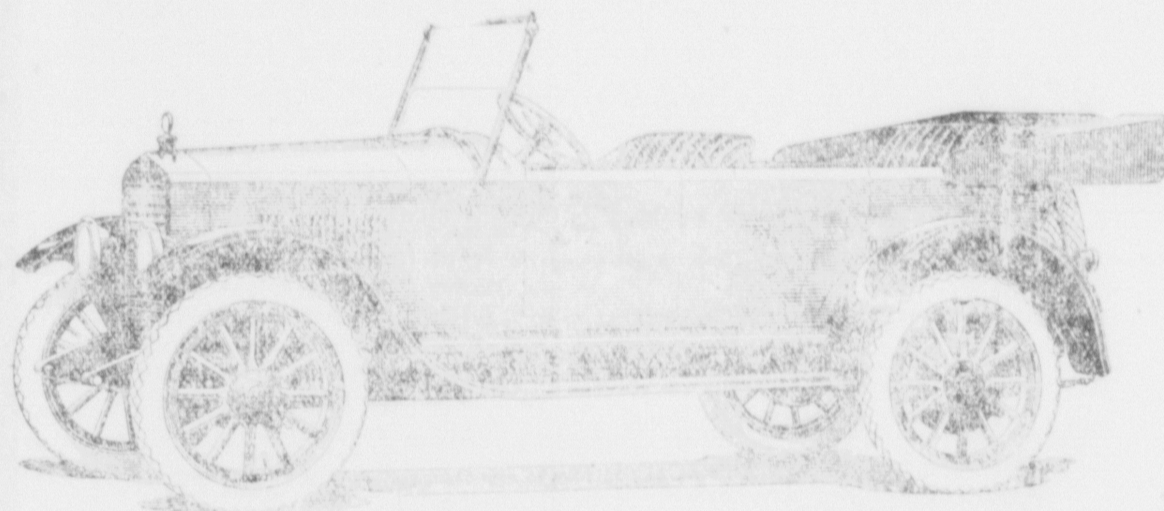

## A Remarkable High-Gear Performance

BY AN

# ESSEX TOURING CAR

An ESSEX TOURING CAR was sent over the road from Cincinnati to Indianapolis and return yesterday. Four passengers made the trip. The total distance covered was 238 miles. Leaving at 6:00 A. M., from Ninth and Sycamore, the car reached Indianapolis at 9:34 A. M. and returned to the starting point at 12:38 P. M. The total elapsed time was 6 hours 38 minutes. The actual running time was 5 hours 50 minutes; 48 minutes were taken out for luncheon and tire puncture. Total gasoline consumption was 17 gallons. Oil consumption was one quart. The car was kept in high gear the entire distance.

For 238 Miles on High Speed  
the Essex Averaged 14 Miles  
to a Gallon of Gasoline

MOTOR ALWAYS RUNNING

A WONDERFUL ROAD RECORD FOR A FOUR-CYLINDER CAR THAT  
WEIGHS ONLY 2510 POUNDS

Average Running Speed 40 1/3 Miles per Hour

For its size and weight this performance of the Essex sets a new mark for light-weight cars in this vicinity. The Essex has filled a new position among motor cars, and nearly every one knows it.

At first, before they had seen it outperform almost every car, they merely regarded it as a fine, unusually well-built and finished, light-weight automobile. They appreciated its quality construction. Still, because it has many details in common with other similar light-weight cars, they could not, at the time, bring themselves to look at it in the light it is now held by more than 20,000 users.

Put aside its size and type and consider only performance. If speed is your requirement see if the Essex does not meet it. Where luxury and finish are demanded compare the Essex with any car.

Don't put yourself in the erroneous position of classing it with light cars. Expect of the Essex the same riding qualities, the same performance ability, with a range of speeds equal to any of such cars as you consider worth \$300 to \$500 more.

You sacrifice none of the pleasures of motoring because the Essex is no larger than cars known as of the light-weight type. But you gain all their advantages.

The Essex costs less to operate; it is easier to handle. When you ride in an Essex you have no conscious feeling that it weighs any less or or that it is performing any less satisfactorily than the costly cars.

In an Essex you sit in as comfortable and upon as richly upholstered cushions. You hold no concern as to the endurance of your car.

## BLANCHE M'KINNEY SELLS FOR \$1500

Blanche McKinney, well known to hundreds of turf racing fans all over the state, has been sold by her owner, C. J. Waddell, to F. G. Phillips of Mechanicsburg. The price named was \$1,500.00.

The mare was raised near Sabina and was trained and raced by Clyde Smith of Seiden. She has made four

teen starts and was outside the money but three times. Tracks in Ohio, Massachusetts, and Connecticut have been the scene of some of her triumphs.

## AUDITOR TO MEET TAX COMMISSION

County Auditor Pine has been summoned to a meeting of the County Auditors of the central Ohio counties, with the State Tax Commission in Columbus, December 2nd, for the purpose of presenting plans for the re-appraisal of real estate.

It was the intention of Auditor Pine to start the work of re-appraisal in this county before the date of the meeting, but when he received notice of the meeting, he postponed action until after the conference.

Auditor Pine has ordered a meeting of all assistant appraisers and township advisory boards, of whom there are five in each township, to be held at his office Saturday, November 29th.

## AFTER SICKNESS

The great drawback to a complete recovery is that awful weak, devitalized condition which is so hard to overcome. It seems as though every organ in the body lacks strength. Druggists recommend Vinol, the cod liver and iron tonic without oil as the quickest aid to recovery; it induces a hearty appetite, promotes sound sleep, aids digestion and builds up strength, vim and vitality. Why not try it on this guarantee? Blackmer & Tanguary druggists, and druggists everywhere.

Red agitators ought to find Mexico a fruitful field. The Mexicans are crazy enough to try anything.

## NO HERALD

In accordance with the usual custom on Thanksgiving day, there will be no issue of The Herald Thursday.

## UNUSUAL NUMBER OF FOOTBALLERS PASS THIS YEAR

Washington High School's great football machine threatens to be wrecked after this year by graduation of practically one entire team. Ten men will don their headgear at 2:30 Thursday afternoon for the last time of their High School career.

The passing of gridiron stars this year is above the usual mention in that graduation will take not only such a large number of men but also some of the best material that ever wore the Blue and White.

Several of the men have been on the squad three years.

Some of the boys on the team saw service in France. After wearing the uniform for a year they reentered school and again won fame on the gridiron. The team is coached by an ex-service man. Probably the only time in the history of the school that such circumstances will center around football.

Those who are playing this year for the final period in High School will be given their chance in the Thanksgiving clash with Wilmington and the result is expected to be proof of how well they gave their services.

## CASTOR AND EPSOM

(A Threnody) By Will D. Kidd.

Legion thy foes appear unto the day,  
Devoid of conscience, eke, and honor they  
Who would discredit thee. The smirch  
thy name,  
To wrest thy laurels or to steal thy  
fame,  
Seductive testimonials in the press  
Or, peradventure, almanacs, lay stress  
On "Whees" and "Ughs" and divers  
terms, and vow  
Thou art outclassed and antiquated  
now.  
By clever ad, thine enemies succeed  
In tripping up unwary folk to read  
Their articles scare-headlined. They  
are lures  
To flaunt about six hundred thous-  
and cures  
In liquid, powder, pill or tablet guise  
And hurl opprobrium in thy very eyes.  
No champion hast thou in thy luckless  
plight:  
Alone, unaided, humbled thou must  
fight  
For what thou hast been, art, or yet  
may be  
In thy long service to humanity.  
And that same service thou doest still  
fulfill  
Most speedily when those who, feel-  
ing ill,  
Resort to thee, withal 'tis plainly  
shown  
Conspirators there are who would  
disown  
Thee now. No smiling druggist sings  
thy praise  
In half-page ads. or sundry other  
ways;  
No testimonial booklets to our door  
E'er find their way with photographs  
gal-re  
Nor glaring board the wayside farer  
halts  
Extolling Castor oil or Epsom salts.  
But stay O, Castor, and thou, Epsom,  
too,—  
No patent nostrum shall thy deeds  
undo,  
Nor from thee shalt thine active past  
be wrung  
(Unheralded and until now unsung)  
For thou, as wingless bug of house-  
hold fame  
Shalt bide with us and get there just  
the same.

## FAYETTE FARM BUREAU NOTES

(By L. H. Goddard, Sec'y.)

Ohio Farmers Caught Napping.  
When the Ohio farm bureau dele-  
gates went to Chicago recently to as-  
sist in the organization of a National  
Farm Bureau they found themselves  
far behind their friends in a number  
of other states.  
The farm bureau was organized in  
this and other counties in Ohio by re-  
presentatives of the State College of  
Agriculture. They wanted an or-  
ganization for educational work—to  
increase production on the farm. In  
this work much tax money (county,  
state and national) is ordinarily used,  
therefore a small membership due is  
all that is needed.  
The farmers in a number of corn  
belt states to the west of us want an  
organization to assist them to dis-  
pose of their farm products to better  
advantage—in other words to make  
greater profit on the farm.  
Work of this character requires  
more money. For some years the  
bureau membership in Illinois has  
been ten dollars per year instead of  
one dollar as here in Ohio. They

have now made it fifteen dollars—five  
dollars to the state association and  
ten dollars to the county association.  
From this amount the state associa-  
tion has set aside fifty thousand dol-  
lars for the national association to  
use in its work. This leaves them  
more than two hundred thousand in  
the state association to fight for their  
rights in the state.

Michigan, Iowa and Missouri are  
now following Illinois. Indiana will be  
in line soon. Michigan is finding it  
easier to take ten dollar memberships  
than it was formerly to take one dollar  
memberships. In one county in  
Illinois week before last they signed  
up 2600 farmers at \$15.00—92 per cent  
of all the farmers in the county.

The Fayette County Farm Bureau  
has returned full value to its mem-  
bers at least five times over but since  
there were but 500 members this is  
but a drop in the bucket. Had our Na-  
tional Association been organized as  
it should have been and we had strong  
representatives at Washington to in-  
sist on our rights the government  
would never have made their drive on  
the hog market in August and Sept-  
ember which cost our Fayette Coun-  
ty farmers, alone hundreds of thous-  
ands of dollars and seems to have sav-  
ed the consumer almost nothing.

While this horse has been stolen

there are plenty of other horses in the  
stable which may yet be taken by big  
business and organized labor. It be-  
hooves us to lock the stable door  
quickly. Surely Ohio will not be  
found wanting when it comes to her  
farmers organizing to protect them-  
selves.

## SAYS GERMANY IS BEST ORGANIZED

Sydney, Australia, October 15—

(Correspondence of The Associated  
Press)—When Premier William M.  
Hughes returned from the peace con-  
ference he declared in a speech at  
Melbourne:

"Germany stands today the best or-  
ganized nation in the world for the  
commercial war that is to be. If you  
want trade relations with Germany,  
get somebody else. The Germans have  
been guilty of every crime on earth.  
They have put a saddler socialist  
where the Hohenzollerns were, but  
what does it matter whether it is Eb-  
ert or William? They are the same  
Germans they were in 1914. So far  
as I am concerned until they have  
explicated their crimes in deeds, not  
words, I will not take them by the  
hand and call them friends."

## NATIVES PREPARE

Honolulu, November 1—(Corre-  
spondence of The Associated Press)

—That they are forsaking the drug  
habit to fit themselves to fight the  
Japanese is the declaration of hun-  
dreds of Koreans who have sought en-  
trance to the Oahu asylum for treat-  
ment during the past six months. This  
is the statement of Judge L. B. Light-  
foot, to whom the applications have  
been made.

Terms made known on day of sale.

**CHAS. GRIMES, Executor**

R. T. SCOTT, Auctioneer.

## A NOTABLE RED CROSS WORKMAN TO SPEAK HERE

Special speakers for the Fayette County Red Cross Conference on Dec. 2 have been named. The people chosen have had wide experience in the Red Cross work and the Lake Division headquarters will be liberally represented. Besides the speakers brought here especially for the occasion there will be persons from neighboring chapters and some local talent.

Mr. Clyde Agne, the head of the Clark county recreation department will speak on "Community Activities."

Robert E. Brady, of the Lake Division, field department, and formerly of Columbus in the Chamber of Commerce, will talk on "The Red Cross in Peace Times."

Miss Virginia Wing, also of the Lake Division, field department, will take up the subject, "The Red Cross in Fayette County."

Mr. Hall, of the Lake Division, administration department, and formerly the head of the Red Cross Chapter at Camp Sherman will speak on "Administration."

Mrs. Helen Martin, until recently the head of the sewing department of the Lake Division, has been chosen to take up the subject, "Woman's Opportunity in the Red Cross."

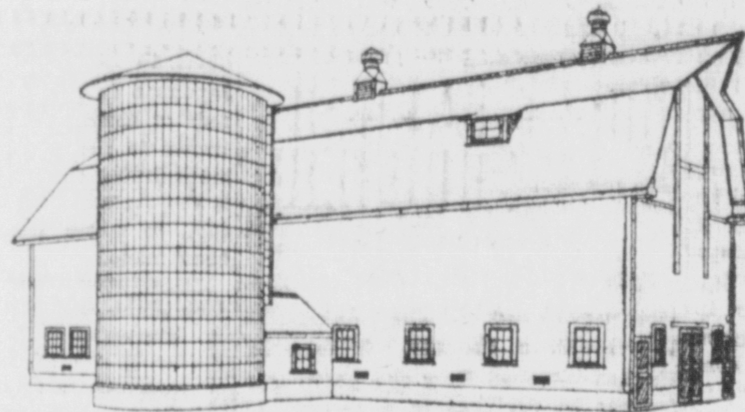

"The Red Cross in Rural Communities" is the topic upon which Mrs. Florence Brown, formerly connected with Chicago Chapter of the Red Cross, will lecture.

All the persons secured for the lecture platform are among the best in the country on topics pertaining to the Red Cross work. Many interested citizens from outside the Fayette Chapter are expected to be attracted by the lectures alone.

## Farm Improvements That Pay for Themselves

Many wise farmers invest a definite percentage of each year's profits in new buildings and improvements in order to be able to market more products at less cost. That is progress—a sound business policy. Right now, your greatest need may be a new corn crib

or granary built with concrete foundation, floor and lower walls to keep out rats and to keep grains in good condition; or it may be a concrete feeding floor that lets the hogs get every kernel and that leaves you more corn to market.

USE UNIVERSAL CEMENT for all your concrete work—for Foundations, Troughs, Silos, Floors, Tanks, Sidewalks, Lower Walls, Pits, Fence Posts and a thousand more places where concrete is best.

### Save Labor and Increase Production

With a modern, concrete manure pit you can store manure until convenient to haul it to the fields and yet save every ounce of valuable fertilizer value. And if you're fattening cattle you'll want their shelter floored with concrete, both for the manure value otherwise lost and for ease of cleaning.

With the approach of winter you'll want a good, dry place for valuable machinery, an ice house ready for business at the first freeze-up or a warm shelter for hogs or chickens.

What to build first is the problem. Let us help you. Call at Building Headquarters\* and talk it over with us, look at our blue prints and plan books and get our estimates of the cost of materials for whatever you decide to

**BUILD NOW**

**The Washington Lumber Company**

BUILDING HEADQUARTERS\*

### MANY SEEK TO VISIT OLD BILL

(By Associated Press.)

Amerongen, Holland, October 28.—(By Mail)—Amerongen officials whose task is to guard the safety of the former German Emperor were surprised into activity the other day by a German who said he was "Prince Friedrich of Hohenzollern" and a brother of the former emperor.

The visitor registered at a hotel as Gustavus Cyrus, of Berlin. He wrote to the former Emperor at Bentinck castle, demanding an interview on important "family matters." The police were informed and investigation revealed that the man had in some way actually reached Holland from Germany the night before without any papers to identify him, and he was speedily sent back over the frontier.

When the exiled monarch first came to Amerongen, the village was visited by many persons who were mentally unbalanced. Among them one man who said that he was the King of England, and tried to prove it.

### A CHEERFUL RECOMMENDATION

"They should be in every traveling man's grip," writes Geo. Jenner, 415 Labor St., San Antonio, Tex., of Foley Cathartic Tablets. "They are the best laxative I have taken and I cheerfully recommend them to anyone suffering with constipation or biliousness." They cleanse bowels, sweeten stomach, benefit liver. Blackmer & Tanquary. advt.

### GETS NEW BARBER

Mr. Chalmers Kelley of the O. K. Barber Shop, corner Court and Fayette streets, has secured the services of another expert barber which will insure a full capacity of the highest class work at that popular tonsorial establishment. 276 t4

### WATCHING RAISE

(By Associated Press.)

London, October 24.—(By Mail)—The rise in the price of silver is being watched with much anxiety here. Already the price per ounce is almost equivalent to the face value of the coins themselves. If that point is passed it would pay to melt the coins down

and sell the metal.

This would be a state of affairs unprecedented in English history. France has already encountered this grave difficulty, the silver in a franc being worth more than a franc.

### GREAT BATTLER IS CHRISTENED

(By Associated Press.)

Vallejo, Cal., November 20.—The third electrically-driven superdreadnought was added to the United States navy fleet today when the California was launched at the Mare Island navy yard here.

In the use of electricity as a means of propulsion, the new fighting ship follows the example set in the building of the New Mexico and Tennessee.

The California is expected to cost more than \$13,000,000 and will carry twelve 14 inch guns. Besides being electrically driven, the new warship will be electrically operated from her guns to her potato-peeling machine.

As the great craft slid into the water she was cheered by Governor William D. Stephens, of California, his daughter, Mrs. Randolph T. Zane, who sponsored the war vessel and thousands of spectators. While her berth was still warm the keel of a great companion superdreadnought, the Montana, was laid within it.

Designated by master minds sharpened by the urge of war, the California represents the ultimate in fighting fitness. Bulked alongside the forefront of the ways where she had been pulled by tugs after the launching, the great vessel showed her self to be the embattled floating city that she is. All that has been learned in the war in regard to the fitting up of dreadnoughts has been put in this latest addition to the American navy.

The California's keel was laid October 16, 1916, but during the war the men who fabricated her turned their

tools to the knocking together of other and smaller warcraft designed to fight the submarine. For two years not a rivet was driven but upon the signing of the armistice the great hull again swarmed, clanked and rang with life and it was heated, beaten and turned into the mighty craft that was launched today.

In commission, the California will have a crew of 1,022 men and 58 officers, full complement. She has a length over all of 624 feet, a breadth of 96 feet and a depth of 47.2 feet. Her displacement at her mean draught of 30.5 feet would be 32,000 tons. She has an estimated speed of 21 knots an hour and a normal fuel capacity of 1,900 tons.

It is estimated that she is fully thirty percent better protected than any other vessel in the United States navy, not excluding the New Mexico.

Her great turbines of 28,000 horsepower are the principal unit of the California's electric system. The guns will be fired by electricity. Her ventilation, steering, supplying of power to the drive shaft, laundering, printing, ice-cream freezing, cake-making and dishwashing all will be electrically operated. Although this has brought her total cost to something in excess of \$15,000,000 a saving in fuel is expected quickly to offset this cost. Her hull alone cost \$7,800,000.

### Wanted—Red Blooded Men

Happy and Successful People Everywhere  
Where Are Always in Great Demand.

Best Friends—Red Blooded

Pepto-Mangan Produces Better Blood  
—Sold in Liquid and Tablet Form

Get into the red-blooded class if you are not there now. Take a few weeks' course of that splendid tonic—Pepto-Mangan and note how you improve in health and looks. Pepto-Mangan is a red-blood maker and is for sale at the drug store right near your home. It is put up in both liquid and tablet form. Take which you choose, but see that the name "Gude" is on the package. Without "Gude" it is not Pepto-Mangan.

It is the cry everywhere—"Wanted—Red Blooded Men." The soldiers and sailors that won the war were red-blooded, two-fisted fellows. In business it is the red-blooded man that stands the strain and wins the big successes. The world has no place for the thin-blooded weakling. It is natural, too, that red-blooded men and women should have more friends, and they do. They are better human beings than the thin-blooded anemics, who are likely to be "grouchy" and irritable most of the time. Adv.

## Phosphated Iron Makes Great Changes in the Lives of Young Women

Physicians explain why it so quickly puts new life, strength and youthful vigor in the veins of men and women.

**DR. HARLAN PAGE, formerly House Physician, Metropolitan Hospital, New York,**

a prominent Authority and Specialist on Diseases of the Blood, says that severe tests made on hundreds of patients absolutely convinced him of the extraordinary merits of Phosphated Iron. It often increases the strength of delicate, nervous, run-down folks 100% in two weeks' time.

You can tell at a glance the people who have iron and phosphates in their blood. They are the happy, healthy, go-ahead, men and women, who are successful in everything they undertake. Phosphated Iron is to

**DR. HARLAN PAGE, M. D.**  
Prominent Authority and Consultant,  
Formerly House Physician to the  
Metropolitan Hospital of  
New York

day being used by hundreds of our people to help make red blood, strength, and endurance.  
Take the case of Miss Grace Oddy, whose remarkable return to good

health and strength has been a source of wonder and amazement as well as pleasure to her host of friends.

In discussing Phosphated Iron with our representative, she said, "Before taking Phosphated Iron, I was all run-down, a nervous wreck, due to never regaining my proper strength after an operation four years ago. I could not sleep; my food did not digest, and I was wasting away day by day. Neither the best of physicians nor the most expensive medicines did me any good. Nothing seemed to help me; there was no joy in life.

"After using Phosphated Iron only a few weeks, I felt like a new woman. I was never so strong. Think of it! My weight increased from 94 pounds to 113 pounds, a gain of nineteen pounds. I enjoy everything I eat, have lost all nervousness; my sleep is restful, and my appearance has improved 100%. Life once more is a pleasure.

"I feel so grateful that I want every nervous, run-down man or woman who reads this to take Phosphated Iron and renew their health, strength and happiness, as I have. Don't put off getting Phosphated Iron another day. It will make you feel 100% better."

In commenting on this interview with Miss Oddy, our representative said, "She looked and acted so healthy and vigorous that it hardly seemed possible that she was an invalid and only weighed 94 pounds. Miss Oddy certainly looked the picture of health and happiness, and fairly radiated strength and good spirits. Her eyes sparkled, and her

cheeks were the color that only rich, red, blood fed with iron can give." When this remarkable case was called to the attention of Dr. Harlan Page, Prominent Authority and Consultant, and formerly House Physician to The Metropolitan Hospital

MISS GRACE ODDY

of New York, Dr. Page said: "This is nothing surprising to me. In my personal practice, I have seen hundreds of thin, nervous, run-down people, old and young, double their strength and endurance, increase in weight, regain their appetite, and sleep, and look years younger after a few weeks of Phosphated Iron." Phosphated Iron, by enriching the blood and creating new blood cells, strengthens the nerves, rebuilds the weakened tissues, and helps instill new energy into the whole system. In my opinion, Phosphated Iron is the most valuable tonic any physician can prescribe.

Are you all run-down, weak or nervous? Then, you owe it to yourself to try Phosphated Iron.

Note: Phosphated Iron is obtainable from any good Druggist and comes only in capsule form. Beware of "just-as-good" or cheaper substitutes. Insist on genuine Phosphated Iron in capsules.

For sale by Frank Christopher, the Druggist, and leading druggists everywhere.

### HYPO-COD MADE HUSBAND WELL AND STRONG

Suffered Three Years, With Stomach.  
Now Enjoys Meals.

"My husband for three years was bothered with his stomach. He went to see specialists, chiropractors and tried about everything he knew of but

without results as far as I can see, but when I saw Earle's Hypo-Cod being advertised down at the local drug store, I thought some how it was what he needed so he took it and honestly the results have been marvelous. It does what they claim it will for he now has an enormous appetite. Feels better than he has in years and his nerves are so much stronger—he sleeps so much better at night and I gladly recommend Earle's Hypo-Cod to all," continued this Columbus lady, Mrs. W. Shafstall, 583 Dennison Ave., nearby towns.

When a person's system becomes so rundown they no longer enjoy sleep, meals or work it is time they took a good strengthening up-building tonic. Thousands in addition to druggists and chemists state Earle's Hypo-Cod is the quick acting, most pleasant to take tonic of all. Besides at this time of year no one should permit the system to remain in a weak rundown condition. It is positively dangerous. Earle's Hypo-Cod is sold here by C. S. Haver's and Frank Christopher's drug store and all leading druggists in nearby towns.

Price \$1.25 plus 5c war tax. Adv.

## A Good Buy!

We have just received 76 casings from Akron's largest rubber manufacturer, which have slight blemishes on them. These blemishes in no way affect the service. The prices on them are most attractive; also the adjustment basis. If defective adjusted on 6000 mile basis, if adjusted on another blemished casing, and if taken on a perfect casing the basis is 4500. We can recommend these casings to you. Absolutely not seconds.

PLACE BAN ON ANNUAL PRACTICE AMONG MEXICANS

(By Associated Press) Mexico City, November 11.—(By Mail)—A new municipal law forbids Mexicans to hold fiestas in cemeteries over the graves of their grandmothers or other relatives, as has been the annual practice of the poorer people on All Souls' Day. This action has been taken at the request of the church authorities.

For years one of the most popular holidays in the long calendar of such days in Mexico has been All Souls' Day which by regulation of the Catholic church is dedicated to the dead and as such should be observed as a solemn occasion. The poor class of native, however, had turned it into a day of hilarity and general rejoicing and it was no uncommon thing to find a happy group drinking pulque and singing songs over the grave of some dear and deceased relative.

The merry-making was stopped this year by order of the city council.

PLAN NEW SUPPLY LINE FOR YANKS

(By Associated Press) With the American Forces in Germany, October 25.—(By Mail)—Plans were completed recently by headquarters of the American Forces in Germany for the lines of communication and direction of supplies for the American units which are expected to form a part of the Allied troops of occupation in upper Silesia during the plebiscite to be held there soon after the treaty of peace goes into effect. It is possible that Danzig will be used as a supply base for these troops which are expected to remain in Silesia for months.

Announcement was made some time ago that the Fifth and Fiftieth Infantry regiments, which were then in the United States, had been selected for duty in Silesia, going by way of Coblentz.
